

Light and Life in Crawley

IN THE PARK

Bourbon, French and double delight blossom in the park,
trees, fountains and spring sight awesome in the park,

some rhymes took the form of memorable words,
an appearance of the magical bright cerebrum in the park,

tweet, chirp twitter and hoot to be heard,
we ought to see obeying sight custom in the park,

falcon, comumbidae and passerine hide in the cage,
they see nearly looking dark night stratagem in the **park**,

they grew again to show off for the summer bedding display,
pompom enjoying birthright chrysanthemum in the park,

we walked around the beauty exciting and magnificent,
momentum, span affright lovesome in the park.
